Park®

Innovation creates the future

Special Economic Zone

Is a part of territory of Poland in which business may be run on special conditions. Entrepreneurs that obtained permit may run business activities without being subject to full payment of income tax.

For over twenty years there has been no activity on this property located in the south of the city Wąbrzeźno, that's why the company **Mavilex Machinery** started to review those plans. Technology Packaging Park can be counted to the category of industrial logistics sites which are designated for medium-sized manufacturing companies. There is a high level **Packaging DNA** in the structure of the companies.

Technology Packaging Park constitutes a unique economic inter-municipal cooperation between the government and Mavilex Machinery at a regional scale. The goals are:

- a high-quality business climate
- a high-quality business activity
- a high degree of employment
- a reinforcement of the economic structure of the area of Wąbrzeźno

We guarantee a **perfect investment location** as well as **quick, professional and friendly service** for investors (from **3000 m² ground**). We also provide consulting at any stage of negotiations as well after the commencement of an investment.
